I Want U

DJ Skep

I don't know
If I can give you anything to make you feel right
I can but try 'cause
I can't stand the madness in my head the whole night through
I've been thinking, I've been sinking
Lost on Mars, got no paddle
Not a super-catch, ain't no model
Hardly seem to count, I'm just an ordinary bod
I want you and everything you say just makes me want you
And every single day and I just want you
In every single way and I just want you and I'm just lost
Want you, want you
Want you, want you
And I'm just lost
I don't know
If I can give you anything to make you feel right
I can but try 'cause
I can't stand the madness in my head the whole night through
I've been thinking, I've been sinking
Lost on Mars, got no paddle
Not a super-catch, ain't no model
Hardly seem to count, I'm just an ordinary bod
I want you and everything you say just makes me want you
And every single day and I just want you
In every single way and I just want you and I'm just lost
I want you and everything you say just makes me want you
And every single day and I just want you
In every single way and I just want you and I'm just lost
Every single day just makes me want you
Every single day and I just want you
Every single day just makes me want you
Every single day and I just
