

Violent Mood Swings (Random Acts of Violence Mix)

Spineshank

Mother fuck the way you think
You never made sense anyway
Building up to tear it down
You're codependent on apathy
By design you fucking sterilize - so you desensitize
Make it easier to swallow
Self-involved you fucking took it all - who's gonna take the fall
'Cause it's never gonna be the same, change
Don't want to see, don't want to think
Don't want to speak for yourself
It's like a fucking disease and it shows
Repetition paves the way
All for you to weaken and sedate
So contrived and watered down
A fucking shadow of what should have been
Isolate so you can separate - and fucking terminate
To diffuse the situation
Force on me a common enemy - with no identity
Now it's showing your perception too, too
You will never see
