Home

Jupiter Rising

Oh Lord, I'm coming home
Been so long I've gone away
Sometimes it's just good to roam
Makes you wanna find your way homeIt ain't the same no more, people done changed on me
Can't complain no more 'cause I changed too
I felt strange before like I could not be me
I just got to go, got to go homeOh Lord, I'm coming home
Been so long I've gone away
Sometimes it's just good to roam
Makes you wanna find your way homeThis ain't my place no more, the plan done changed on me
Can't complain no more 'cause I changed too
I felt insane before like I could not be free
Took another road to find my way homeOh Lord, I'm coming home
Been so long I've gone away
Sometimes it's just good to roam
Makes you wanna find your way homeWe've been to many places, played so many stages
But we're glad we're here 'cause here is home
We've been all the rage in Indonesia and Asia
But we're glad we're here 'cause here is homeOh Lord, I'm coming home
Been so long I've gone away
Sometimes it's just good to roam
Makes you wanna find your way homeOh Lord, I'm coming home
Been so long I've gone away
Sometimes it's just good to roam
Makes you wanna find your way homeOh Lord, I'm coming home
Been so long I've gone away
Sometimes it's just good to roam
Makes you wanna find your way homeOh Lord, I'm coming home
Been so long I've gone away
Sometimes it's just good to roam
Makes you wanna find your way homeBeen so long baby
