Eggs

RÃ¥tasseriet

What shall we do with his brain?
You put it back, for it isn't the same
What shall we do with his brain?
Eggs
do you think so?
oh....
What did you do with his brain?
What did you do to his brain?
Well he used to not be farmer shoes clean
Oh.....
do you think so?
oh.....

oh no
oh no
hey what did you do to his brain
what should you do to his brain
oh once somebody tried to help me
but it turned out wrong and now
now it's gone to hell and down
now he's trying to look inside me
what should you do with his brain
what did you do to his brain
HAHAHAHAAHAHAHHAHHAHAHAHHHAHHAHAHHAHAHHAHAHA
