Moonlight in Samosa

Robert Plant

Time and again I see you walking down the street
Over and over just like before
Once in awhile you stop and say hello to me
Just like you used to before
Time and again, it's like we were in love and thenOver and over nobody keeping score
Once in a while I think you noticed when I smile
That love still lingers in my eyes
It can't go wrong, it can't go wrong, it lingers on, it lingers onDay after day I turn it over in my mind
Dream after dream, it's hard to tell you how I find
Out of the blue I'm suddenly so close to you
Despite the years that I've been gone
Will you stop? Will you wait a minute? Please remember
Can you stop?
Can you just give me one minute to explain?I will not cause a fuss
I will not rock the boat
Believe me, darling
Oh, what is what was it's all the same
