Are We

Justin Hines

It gets cold in our room
When the times decide to change
without warning
And I feel like a child
Cuz it's getting harder to be...
to just be...

And I must confess
I ask myself if we're still trying
And in moments like this
I'm not sure how far we an fall
Cuz it's a long way down

I'm wondering
if what we had
was never our to hold
And if the story of us should've never been told
And are we to part and never to mend?
Are we at end?
Are we?

If you should cry
Who am I to say your tears flow without meaning?
And with you on the floor
I should've asked you to dance
Now that's on my mind

If what we had
was never our to hold
And if the story of us should've never been told
And are we to part and never to mend?
Are we at end?
Are we?

And I'll ask for forgiveness in my quiet hour
While pulling the petals from a weather scarred flower
Maybe I never knew you like a boy should know his girl.

And I'm sorry...

If what we had
was never our to hold
And if the story of us should've never been told
And are we to part and never to mend?
Are we at end?
Are we?

Are we?
