Amateur Night

Alterra

Amateur Night

Hey can I get a dance
I ain't looking for no romance
Oh, another story for the boys
Come on girl let's make some noise

Ain't thrown' tens or fives
Not even nickels, dimes
Because she's coming home with me tonight
Don't care for rich or poor
She is the girl next door
Here for the money and out the door
Oh no she isn't shy
Works here and works it right
That's why we're here for Amateur Night

A lady on the street
But off her feet a freak in the sheets
Oh, a notch under this belt of mine
It's why we're here on Amateur Night

She'll fulfill my fantasies
Come and do as I please
She's not here every night
But she can work it right
Never out of my sight
I'll take her home tonight
That's why we're here for Amateur Night

That girl is killing me
and on her knees she'll do what I please
Oh a notch under this belt of mine
It's why we're here on Amateur Night
