Interstate Love Affair

Night Ranger

Let's go
Oh yeahHead out on the highway
Where there's room to move
I'm a fast boy in a bad car
I got it all, I've got nothing to loseInterstate love affair
Interstate love affair
Interstate love affair
Interstate love affairWe'll run with our passions
We'll race with our eyes
Can't catch me, try to hold me
I get it all out of one single mileInterstate love affair
Interstate love affair
Interstate love affair
Interstate love affairHead out on the highway
Where there's room to move
I'm a fast blazing road star
Got it all, I've got nothing to loseInterstate love affair
Interstate love affair
Interstate love affair
Interstate love affairInterstate love affair
Interstate love affair
Interstate love affair
Interstate love affairInterstate love affair
Interstate love affair
Interstate love affair
