## One (Blake's Got a New Face)

## **Vampire Weekend**

Occident out on the weekend
That's the way that we relax
English breakfast tastes like Darjeeling
But she's too cute to even askBlake's got a new face
(Blake's got a new face)

Blake's got a new face)

(Blake's got a new face)Blake's got a new face

(Blake's got a new face)

Blake's got a new face

(Blake's got a new face)Nastiness will cause your doom
Turn and walk back to your roomThe precedent's already set now

You spend a week in Old San Juan

Spanish brownstone with chairs of leather

And Spanish waves to roll alongBlake's got a new face

(Blake's got a new face)

Blake's got a new face

(Blake's got a new face)Blake's got a new face

(Blake's got a new face)

Blake's got a new face

(Blake's got a new face) Majesty's not overheard

Cryptographs can't stand the wordBlake's got a new face

(Blake's got a new face)

Blake's got a new face

(Blake's got a new face)Blake's got a new face

(Blake's got a new face)

Blake's got a new faceOh, your collegiate grief

Has left you dowdy in sweatshirts
Absolute horror
