

Happiness Is Home

Elisa

Here it comes the joy of being alone
Im such a child on my own, just a child on my ownCause I know its true and I see its right
I know its true and I see its rightHere it goes on happiness is home
Here it goes on happiness is home
Happiness is home
Happiness is homeAnd I know its not a dream
I dont want this to be sweet
I just know its not a dream
Im not gonna get sick of itCause I know its true and I see its right
I just know its true and I see its rightHere it goes on happiness is home
Here it goes on happiness is home
Here it goes on happiness is home
Here it goes on happiness is home
Happiness is home, happiness is homeDont you say it (I would say)
Dont you say it (you talk too soon)
Dont you say it and its already late to get back, to go backHere it goes on happiness is home
happiness is home, happiness is home
Here it goes on happiness is home
happiness is home, happiness is home
happiness is home, happiness is home
Here it goes on, Here it goes on
Here it goes on, goes on, goes on
Is home
Is home, happiness is like home and is my home
