Don't Maybe Me

Mila Mason

Darlin', you won, yeah, you captured my heart
Tender promises, strong lovin' arms
Now that I'm yours at last, you say it's happenin' too fast
Suddenly you're havin' second thoughtsDon't maybe me, don't play those games
My heart's on go, don't hit the brakes
Kiss me crazy, sweep me off my feet
Love me, baby, do anything, don't maybe meYou lit the fire then you fanned the flame
You said Prince Charmin' was your middle name
Well I got news for you, Cinderella ain't no fool
After all the pretty pictures that you paintDon't maybe me, don't play those games
My heart's on go, don't hit the brakes
Kiss me crazy, sweep me off my feet
Love me, baby, do anything, don't maybe meCould it be you're afraid, really lose your heart?
Let's get lost together, just finish what you startDon't maybe me, don't play those games
My heart's on go, don't hit the brakes
Kiss me crazy, sweep me off my feet
Love me, baby, do anythingDon't maybe me, don't play those games
My heart's on go, don't hit the brakes
Kiss me crazy, sweep me off my feet
Love me, baby, do anything, don't maybe me
