Faithful

Lisa Page Brooks

Sometimes your situation donâ€™t match your revelation
And what you know to be true (oo oo oo)
Just hold on tight soon Heâ€™ll make it right
His love will pull you through (oo oo oo oo oo)

Chorus:
Faithful is He that calls your name
It will be just as He proclaims
Live above discouragement
Promise will be faithful is He

May have been a long time
Since youâ€™ve heard him call
The Fatherâ€™s waiting on you (waiting on you)
He never changed His mind
He still wants you to find
The purpose that Heâ€™s called you to (said He called you to)
So donâ€™t be ashamed to testify
Give God praise
Every word, every word that He promised
I know that it will come true in your life (it will come true in your life)

Tenors: Forget about the past; thereâ€™s a new reality
consider not the old; Heâ€™s doing a new thing
Hold to your faith and the word of prophecy
Soon He will come, Faithful is He

Faithful, Heâ€™ll bring it to pass, bring it to pass
Faithful
[x3]

{chorus â€“ x3}

{tenors â€“ repeat to fade}
