Sol

kosmonaut

I step back to chase tarmac
I'm told you might be waiting by
The sun I drive my state of mind
To summer comfort daydreams in your eyesI'll be putting dreams in your eyes
And we'll be losing track of time
As we dance in the summer haze
I'll be putting dreams in your eyes
And we'll be fading to the sol
As we move in the summer heatDoo da-do
Do do-do da-do
Do do-do da-do-do
Doo da-do
Do do-do da-do
Do do-do da-do-do (Dance! Dance! Dance!)They undress
Her fingers press
His lips play snakes and ladders down
Her spine they lie
Three weeks pass by
And hang like fading portraits in the sunI'll be putting dreams in your eyes
And we'll be losing track of time
As we dance in the summer haze
I'll be putting dreams in your eyes
And we'll be fading to the sol
As we move in the summer heat(Dance! Dance! Dance!)Doo da-do
(Dance!) Do do-do da-do
Do do-do da-do-do (Dance! Dance! Dance!)
