# Hallelujah

## Appleton

Maybe it's true
They love everything that you do
You're the talk of the town
What do they want from you?
You're thereHallelujah, things shout to ya, hallelujah
Come and get me, that's what they see, hallelujah
I'm waiting for you to (show me how its done, tell me what to do)Just a little bit of confidence
Just a little bit of self assurance
Take it from the Beginning
Starting with the way I feel inside
It's enough to make me want to run and hide
It's an ugly feelingIs it because the way you are
Did you ever think you'd come this far
As far as I'd like to
Just a little helping hand from you
I'm sure you'd know exactly what to do
I'm ready and waiting (show me how its done, tell me what to do)Hallelujah, things shout to ya
Hallelujah, please show me
It's a game see, come and play me, hallelujah
No wonder they love you
Shed some light on, what they fight on
Hallelujah, Please show me
Come and get me, I want them to see, hallelujah
It's what I'm dreamingMaybe it's true
They love everything that you doHallelujah, things shout to ya
Hallelujah, please show me
It's a game see, come and play me, hallelujah
No wonder they love you
Shed some light on, what they fight on
Hallelujah, Please show me
Come and get me, I want them to see, hallelujah
It's what I'm dreaming
