

Gay Marine

Dixon Ward

gay marine, my sweet queen,
strong outside but a fool child inside
gay marine, cant you see,
that your fool mind is a laugh to me
you could beat me up
but i'll still be better than you
you stupid fuck, youre not my friend
next time that you dont like me,
tell me, not them
all this time, how could you have not told me
that you dont like me very much
(very much)
all this time, you made a fool,
where was your courage when you tried to face me
