

Our Farewell

Within Temptation

In my hand
A legacy of memories
An' I can hear you say my name
I can almost see your smile
Feel the warmth of your embrace
But there is nothing but silence now
Around the one I loved
Is this our farewell? Sweet darling, you worry too much, my child
See the sadness in your eyes
You are not alone in life
Although you might think that you are Never thought
This day would come so soon
We had no time to say goodbye
How can the world just carry on?
I feel so lost when you are not at my sight
But there is nothing but silence now
Around the one I loved
Is this our farewell? Sweet darling, you worry too much, my child
See the sadness in your eyes
You are not alone in life
Although you might think that you are So sorry your world is tumbling down
I will watch you through these nights
Rest your head and go to sleep
Because my child, this is not our farewell
This is not our farewell
