# Cat Song

## A Love Like Pi

Please, don't hurt my friend
He don't understand
Please, take me instead
Please, don't hurt my friend
Yeah.

Please, don't take my dreamin (don't)
Please, don't take my dreamin (don't)

Please, don't hurt my friend
Hold your hungry hands
I can't stop my heart from believing
Take my sleep,
Don't take my dreamin
Please, don't hurt my friend
Yeah.

Please, don't take my dreamin (don't)
Please, don't take my dreamin (don't)

I can't stop my heart from believing
Take my sleep (take my sleep)
Don't take my dreamin (don't)
Please, don't hurt my friend

Every single fool has been just
Learning how to play with your mind
Do you know my name?
(Do you know my name?)
You think you've collected every second of
your misarible life
Do you know my name?
(Do you know my name?)

Now you've got me thinkin' that
I'm trying to make you feel like a cat
Do you know my name?
(Do you know my name?)
Trying to fix the problems to you learns voices on your song
Do you know

Do you know
Do you know my name?

Please, don't take my dreamin (don't)
Please, don't take my dreamin (don't)

I can't stop my heart from believing
Take my sleep,
Don't take my dreamin
Please, don't hurt my friend
Yeah.
