Before U Go

Tvxq

If you feel it's a burden that all my senses are focused only on you, I will leave now
If I made you suffer 'cause I couldn't control my feelings, I will go nowI was afraid that like a "hook", you might fly away from my side
I couldn't say "phew..." and rest even for a dayI didn't know then that I was hurting you with my foolish obsession
Just know this before you go; that I am a man who only wanted to love youSo stupid was I, an idiot, a scumbag who couldn't even protect you
If you stay beside me 'till the end, you'll be more heartbroken, you might fallIt's a good thing that someone who will set you free will come to your side, will come to your side
I'm not gonna make any more of trivial excuses, don't look so sadWith my mouth shut, I only wanted to wish your happiness; I am not that man (for you), no
With a puff (of air) in the cold wind; I warmed up your cold handsDeep within my arms, after a year, we had our first kiss
I gave myself to you, I always doJust know this before you go; that I am a man who only wanted to love you
So stupid was I, an idiot, a scumbag who couldn't even protect youIf you stay beside me 'till the end, you'll be more heartbroken, you might fall
It's a good thing that someone who will set you free will come to your side, will come to your sideThank you for giving me happy memories; you go on and don't remember, forget everything
Don't look at me with worried eyes, I'm fineSomeday all my heart's wounds will be cured
Someday I will meet a nice personForget!Yeah, forget everything and hurry up and go!
Before I change my mind and hold onto youOut of habit, I might call you without knowing
hello hello hello helloMissing you crazy, even if I'm at your door, be cold (just ignore me)
Just know this before you go; that I am a man who only wanted to love youSo stupid was I, an idiot, a scumbag who couldn't even protect you
If you stay beside me 'till the end, you'll be more heartbroken, you might fall
It's a good thing that someone who will set you free will come to your side, will come to your side.
