Dogmatic

Vinyl Mind

RuinIs your profit maraud the hollow mind
Religious passion is not for you agnostic modern science
Suffocate superior forces
Tearing down this fortress of controlDogmatic authority fallsAlternative to submission mental emancipation
Severance, selection of all powers from above
Strong minded in preparation
For this sickening mess we're living inThreat for your security authority will collapse
End pseudo democracy take fate in your own hands
Violent terroristic action only self defense
Ignorance is unconsciousnessNo pessimistic vision corruption pseudo peace
Propaganda drug of nation deceiving you and me
Psychosocial revolt becomes aware, harrowing truth
Hear my callDogmatic authority falls
