

Seeing Stars (With Patty Griffin)

Jack Ingram

Stars on the river
Stars in the sky
Stars that are fallen
Stars burnin' bright Stars disappear
Stars come to life
Out of the dark I see stars in every headlight
And I wonder where they go
I see stars that are stranded
By the side of the road I see stars that look like raindrops
Stickin' to the hood of my car
I'm seein' stars Wishin' on stars
Only when you see 'em
Is like askin' God for help
Only when you need it
But I'm wishin' anyway
I'm wishin' anyway Wishin' on stars
Only when you see 'em
Is like askin' God for help
Only when you need it
But I'm wishin' anyway
Yeah, I'm wishin' anyway Tonight there's stars on the river
Stars in the sky
Stars that are faded
Like the stars in her eyes And one lonely teardrop
And one long goodbye
Hit me hard
I'm seein' stars Wishin' on stars
Only when you see 'em
Is like askin' God for help
Only when you need it
But I'm wishin' anyway
Yeah, I'm wishin' anyway I'm seein' stars
I'm seein' stars Stars on the river, stars in the sky
(I'm seein' stars)
Stars that are faded, stars in your eyes
I'm seein' stars
