It's Over (home Demo)

Phil Collins

With a young man, with his heart on his sleeve
Had the body of a man and a trust of a child
He never meant to hurt anybody
But he broke some hearts along the way
Oh, it's all over, oh, it's all done
Oh, well, it's all over, or has it just begun?
All that he spoke came right from his heart
Though some had been hurt by the things he had said
Go walking in the long grass to find his peace
Sometimes it'd grow so tall he'd lose his way
Oh, now it's all over, oh, it's all done
Oh, it's all over, or has it just begun?
Oh, it's all over, oh, it's all done
Oh, it's all over or has it just begun?
