Surrender

Hangnail

As I watch the week played from my memory
I can't believe I let this go
The innocence is losing cover
Witing for surrender of this tyranny
I guess you reap what you sow
And there's no shame in starting overIt could take some time for me to find
The peace that passes understanding all
Can't relax when losing track
Every trying moment takes its tollTake a deep breath in and then forget about
The worries they won't go away
A troubled mind is seeking freedom
Feel the pressure forces quickly closing in
No matter what you think you know
The overwhelming truth is showingIt could take some time for me to find
The peace that passes understanding all
Can't relax when losing track
Every trying moment takes its tollI'm giving over everything
Everything is yours
I'm giving over everything
Everything is yoursIt could take
Take some time for me to find
The peace that passes understanding all
Can't relax when losing track
Every trying moment takes its tollI'm giving over everything
Everything is yoursI'm giving over everything
Everything is yours
You gave me breath so I could sing
All I have is yoursI'm giving over everything
Everything is yours
You gave me breath so I could sing
All I have is yours
