Spiraling

In Element

Am I leavin' life behind
Was I livin' life at all
I still need to run and hide
Or have i really found the answerOver and over again
I am spiraling into nothing
Over and over again
I am spiraling into nothingWhat I mean is, I don't know
Exactly what it is I mean
The thing I don't wanna do, I do
What I wanna do, I don'tOver and over again
I am spiraling into nothing
Over and over again
I am spiraling into nothingOver and over again
I am spiraling into nothing
Over and over again
I am spiraling into nothing
