Desire to Fire

Machine Head

Wars, drought
Fuck his face man
Come on
YeahWe turn desire to fire, electric sparks to the wire
Highered the stakes when we bought this monster
Life prevail by daring to fail, others content just to sail
Hail the future we bringWe bring chaos to blocks, like, riots to watts
Blow up spots, taking the crown off the top notch
Create the pace that you all will follow
Sporadic flow buckles up like a calicoWe do smoke sensimillo, vodka and
C O K E is the real deal
Ha, your flubber, never had to suffer
Life's getting hard and it's only getting rougherSave some for me
Can't stop what we're going to beWalk with me and take this seed
A fire for you so dare to fail, will you
Walk with me and take this seed
A fire for you so dare to fail, will youPen hits pad, it result in catastrophe
Words and verbs come to form your disaster
If you want it, you got it, never hit, I spot it
Now come and watch me riseOn the tools, I blew more money than Latrell
You tell, I don't know you? Think I know you too well
You fell, and stumbled, laughin' as you tumbled
Guess you forget about the power we rock'Cause you all hail me, machine head battery
The good, the bad, the ugly, savage in capacity
Yeah, you been fucked, stuck in a rut
Your life has been sucked, your tail has been tuckedSave some for me
Can't stop what we're going to be
Just watch as I demonstrate
The reason we dominateWalk with me and take this seed
A fire for you so dare to fail, will you
Walk with me and take this seed
A fire for you so dare to fail, will youIf we stand alone and believe in whole
And you tell me, it's all I believe in
Yes, we stand alone and believe in whole
If you tell me it's all I believe inBecause we, we'll chew, and spit you, out
And prey upon the weaker
Take what we want
So let's get with started, there's so[Incomprehensible]
[Incomprehensible]

[Incomprehensible]
[Incomprehensible]Walk with me and take this seed
A fire for you, so dare to fail, will you
Walk with me and take this seed
A fire for you, so dare to fail, will youWalk with me and take this seed
A fire for you, so dare to fail
