Find Your Way Back

Jefferson Starship

You know it's been a long, long road
Since I packed up and left on my own
And I carry a heavy load
Just tryin' to get back to her heartI sure ain't got no home
I seem to find love where I ramble
And when it's time to go
I hear that voice again, sayin'"Find your way back
Find your way back to her heart
Find your way back
Find your way back to her heart"Leave a message with the rain
You can find me where the wind blows
The snow across the pain
And the frost upon the heartYou got no place to be
Still you wonder where you're goin'
And why I had to leave
I hear a voice and it says to me"Find your way back
Find your way back to her heart
Find your way back
Find your way back to her heart, to her heart"
Come onI know it's too late now
But I wish I could go back in time
And start all over somehow
And get it right from the startFind your way back
Find your way back to her heart
Find your way back
Find your way back to her heartFind your way back, find your way back
Find your way back, find your way back
Find your way back, find your way back
Find your way back, find your way back
