Deconstructing Gods

Blaqk Audio

You can?t stop the gods
When I came across you
When the lights were blind
Eyes beside you
Its a game of trust
Cause I always sought you
Don?t you leave me distraught
I?ll try to find you
Come as quickly as I'm indisposed
That what I can?t describe is what I want the most
Loves so sickly and I'm indisposed

What I can?t describe is what I want the most
The love comes quickly as I?m indisposed
What I can?t describe is all I wanted
Feeling breezes
So I know it must be
Time to leave you dear
Every things warm when your heart goes cold
Feeling breezes
So I know it must be
Time to leave you dear
Every things warm when your heart goes cold
