

# Thugman

## [Tweet feat. Missy Elliott](#)

Yea, this one right here is for my thugs  
Thug loving putin' it down for your little lady at the crib  
Thug in the streets, man under the sheets, ha ha, yea  
I'm in love with a thug  
I can't help it girl he treats me so good  
In the street he gets respect from his peers  
Known for months but if you'll like it's been years  
Ayi ay, in a situation  
Any guy that holla at me, it's real confrontation  
But lovin' is my baby's job occupation  
And he good at what he do when graded havin' relation, ayi ayi  
Thugs give good luvin'  
Woah they're supersonic  
The way he treats me different  
Ooh, like he bionic  
Yea, he work that  
I say yea, it's so perfect  
I use to be scared of thugs  
I was told that thugs don't know how to love  
They say they beat, they cheat, they talk to girls like, oh  
But my man respect me 'cuz I'm a down, oh  
Ayi ay, wasn't anticipating  
That if I fell in love wit a thug that I would end up dating  
Instead he blew my mind and treated me like a queen  
He run his streets but he know how to treat me, ayi ayi  
Thugs give good luvin'  
Woah, they're supersonic  
The way he treats me different  
Ooh, like he bionic  
Yea, he work that  
I say yea, it's so perfect, I like this  
I'm in love wit a thug 'cuz he make me feel right  
Wish I could explain wut he make me feel like, yea  
And my friends don't like  
'Cuz he hot on the block and he be ridin' Ninja bikes, yea  
Let me get his sizzle on the mic  
Like an MC wit no deal trying to get me your kite, yea  
Let me clear my wind pipe  
Man got a pipe that'll blow out every night yea

We're da first here, I'm da best here  
Come over here, got thugs in here  
Front to the rear  
Craig Mac gon put the flava in yo ear  
He ain't got time to keep bustin' in lines  
Blowin' yo mines  
Cutin' that circular size, yea  
Play it wise  
'Cuz I'm in love with a thug occupying my time  
Thugs give good luvin'  
Woah, they're supersonic  
The way he treats me different  
Ooh, like he bionic  
Yea, he work that  
I say yea, it's so perfect  
Let the track play  
Ayi ayi, ayi ayi, ayi ayi, ayi ayi
