Giant

Rebekka Karijord

When I grow up
Ive decided to become a giant
Bulky above you, all I meet
While my breath will cause a storm
My voice will cause a riot
You will be astonished
As Im swaggering down the streetTickeling skies around my head
Airplanes scuttle about my feet
It akes in both my arms and legs
Im increasing, I am completeLooking down, you seem so small
I `ll have to use a microscope
youre under my shoesole
I`ve come a long way to
Have a sunset on my left and
see a sunrise on my rightTickeling skies around my head
Airplanes scuttle about my feet
It akes in both my arms and legs
Im increasing, I am completeI will be a giant
As soon as I grow up
Mastodontic and elephantic
Watch me as I go gigantic
