

Habit I Can't Break

Kevin Fowler

Use to smoke two packs on day, hardest thing to put away
Had ...now in the edn
Use to drink more then I should,
Finelly give it up for good
But I still love the taste of gin
So many thing I finelly quit
There's one habbit I can't kickShe'll call and I start thinking
Back slain knwo I; m seaking
Back again, back that road
I know I shouldn't go
Giving to one more last time
Can't resist and all it's trap
There's one thing I just can't shake
She's one habbit I can't break
I never know it and I make I list
Of solution to find to quit
Never know it's the best
I walk ã©m off one by one
And when I think I finelly done
There's one that always lived
One last breath I just can'; t burn
She's one lesson I can't learnShe'll call and I start thinking
Back slain knwo I; m seaking
Back again, back that road
I know I shouldn't go
Giving to one more last time
Can't resist and all it's trap
There's one thing I just can't shake
She's one habbit I can't break
She'll call and I start thinking
Back slain knwo I; m seaking
Back again, back that road
I know I shouldn't go
Giving to one more last time
Can't resist and all it's trap
There's one thing I just can't shake
She's one habbit I can't breakShe'll call and I start thinking
Back slain knwo I; m seaking
Back again, back that road

I know I shouldn't go
Giving to one more last time
Can't resist and all it's trap
There's one thing I just can't shake
She's one habbit I can't break
