

# Stay The Same (Siriusmo & Jan Driver Remix)

## The Shoes

So when I wake up  
I feel the same feeling  
The same feeling that I felt last night  
Now my bones are cold and my body aches  
Like it did last night  
Chorus  
Every time we stumble  
Every time we fall  
Every time we try to make a start  
Every time we stumble  
Every time we fall  
Every time I feel you fall off  
I feel like nothing can change again  
We stay the same  
Dont . again  
I wonder if tomorrow we will feel safe  
Feel the same start the same stay the same  
We always dance the sameLike we did last night  
We always we always stay up late  
I am always . like I did last night  
Chorus  
I feel like nothing can change again  
We stay the same  
Dont . again  
I wonder if tomorrow we will feel safe  
Feel the same start the same stay the same  
(repeats)  
And when I wake up I feel the same thing  
The same thing I felt last night  
The same feeling that I felt last night  
Now my bones are cold and my body aches  
Like it did last night
