

Please Say No

The Yes Yes Yalls

It was a freezing night and not a single cloud
I had a couple in me so I reached out and then I heard your voice

I felt you all inside

I pray for the distance to keep us in line
But there's things I've done you understand like no one else

There's pain I kept buried deep inside myself
I've been saying for forever "Hey that's not me"

But me with you is who I think I'll always be

Please say no

Please say no

Please say no

Please say no

Say anything you will except how you'd have me still

Say anything but no

And I'd go I'd go I'd go

It was the peak of the summer and I thought I'd drown

We couldn't get close, all the kids were around

But I could read you plain

You want a different life

Someday hell you might ruin mine

I've lately come to wonder what it might feel like

If one last time we went and did this right

And somewhere no one possibly could know our names

Somewhere no one bothers to remember a face

Please say no

Please say no

Please say no

Please say no no no no no

Say anything you will except how you'd have me still

Say anything but no

And I'd go I'd go I'd go

With you

With you

With you

Ooooooohh

Ooooooohh

Oooooooooooooohh

If all you're really hoping for is peace of mind

Don't come to me with questions, you'll just waste your time
Exactly what you're looking for is what you'll find
All I see around me is a losing fight
Please say no
Please say no
Please say no
Please say no no no no no
Say anything you will except how you'd have me still
Say anything but no
And I'll go I'll go I'll go
Say anything but no
And I'll go I'll go I'll go
