

My Last Day

Gary Numan

I'd like to watch you grow tall - it can never be
Kiss you to sleep but I know it can never be
Wipe away all of your tears - it can never be
Wake you to see a sunrise I will never see Ooh, it comes
Ooh, it comes
Ooh, it comes
Ooh, my last day I'd like to mend every hurt - it can never be
Be there to catch every fall - it can never be
Be there to love everything you will ever be
Sleep now I wish you sweet dreams I will never see Ooh, it comes
Ooh, it comes
Ooh, it comes
Ooh, my last day
