Wanna Go Back

Solange

bop-pa, bop-pa, ooo-oh-oooo, (i think i need a little help on this one) bop-pa
bop-pa, (can u back me up Marsha) bop-pa, (yea)

ooo-oh-oooo

Such a big big world out there, I think I'll take a shot and go.

I feel so curiously, I like to be so far away from home

so many people, places & many directions, and new bound attraction and things I forgot

but there's a reason, they say that homes were the heart is, it's tempting to stay but i know where I'm going

(i wanna go back)
i wanna go back, i wanna go back, back
i wanna go back, (oh oh babe) i wanna go back, back
i wanna go back
(oh oh babe)
i wanna go back
x2

(and we not what tip)
we not far away, we right there (ah ah)
we not far away, (oh oohhh) we right there
(ooo oh ooo) come on, ah ah x4 (oh oohhh)
we not far away, we right there (ah ah)
we not far away, (oh oohhh) we right there
(ooo oh ooo) come on, ah ah x4

it's such a scary place out there, sometimes i'd rather just lay, low (just lay low baby x2) (i swear i do)

but if i stay here will i know, just what this story has in store, ore-ore, for me (ohhh oooo)

got big city ***, never thunder and lighting,(thunder and lighting) its fast pace it moves, but it feels so electric, (i wanna go back) there's a reason they say that homes where the heart is, tempting to stay, but i know where I'm going

(i wanna go back)

i wanna go back, (wanna go back baby) i wanna go back, back
i wanna go back, (wanna go back baby) i wanna go back, back
i wanna go back
(yea e yea e yea)
i wanna go back

(i wanna go back)
i wanna go back, (i i, i wanna go back)) i wanna go back, back
i wanna go back, (oh oh oh) i wanna go back, back
i wanna go back
(oh oh oh)
i wanna go back, (abstract), i wanna go back

we not far away, we right there (ah ah)
we not far away, we right there
(ooo oh ooo) come on, ah ah x4 (ah ah)
we not far away, we right there (ah ah)
we not far away, (said im coming baby) we right there
(ooo) come on, ah ah x4 (ah ah)

beautiful journey, how long will it last (how long will it last)
yesterday slowly, going way from this path
just can't stay away to long (long, can't stay away to long)
yesterdays gone (oo-oo o)

Qtip

now you making this hard
it isn't that far
no trips with ya airplane, (oh oohhh) don't drive with your car
baby you brighter than stars (o-o, o-o) , we hotter than mars
I'll stay here confined, (oh oohhh) *****,
of worldly design, this treasure the pie, i measured the nice rhyme (oh oohhh), the pleasure is mine
and yea you been there before, but we gon get more, cause life wants us back now, lets settle the score (ah babe)

beautiful journey, how long will it last (how long will it last)
yesterday slowly, going way from this path
just can't stay away to long (long, can't stay away to long)
yesterdays gone (oo o)

(beautiful)
it's a beautiful, journey (bop-pa)
o,o,o oh o,o, o, o (oh oohhh)
