

# Harvey Parker's Gospel

## They Ate Isengard

God damned this, the consolation to fall  
The least they want me to save my own from desolation,  
The resurrected living, the life-line for me and all the other fools  
They say to me (say to me);  
"The satisfaction (the satisfaction)  
Is our one and only hope"  
This is depressing, they lost this all in a fight  
This is depressing, the underworld is mine  
The underworld is mine
