

# Jacob's Ladder (Not in My Name)

## Chumbawamba

Jacob's ladder  
Like rusty old nails, at the bottom of the sea  
Telling no tales, for the good of the Admiralty  
You jump when you're told to, through the open door  
And the King of Norway, hes the man you all died for[Chorus:]  
On this, Jacob's Ladder  
The only way up is down  
Three days in the water  
Watching all the secrets drown  
Jacob's Ladder" And they sent him to the wars to be slain, to be slain  
And they sent him to the wars to be slain" A thousand lifetimes, left standing at the docks  
In the bar down in Whitehall, they're sure the boat won't rock  
In a file marked secrets in a drawer kept closed  
Nobody wonders, because nobody knows[Chorus]" And they sent him to the wars to be slain, to be slain  
And they sent him to the wars to be slain"[Chorus]
