## Dwarves

They curcumcise  
They tell you lies  
And they cut you  
Ya they take you  
Ya they hate you if you ever wonder why, why

We don't need no re-education  
School's out, drop out time for vacation  
I'm getting an A in anatome  
It doesn't matter the past is history

I wanna fuck  
I wanna fuck  
I wanna fuck eat and fuck you up  
I've been in love but that ain't enough  
I wanna fuck eat and fuck you up

Ya they take you, separate you  
And they rape you if you ever wonder why, why

We don't need no re-education  
flash that violence, regeneration  
Let loose in the land of the lilly white  
The giant appetite, we're eating good tonite

I wanna fuck  
I wanna fuck  
I wanna fuck eat and fuck you up  
I've been in love but that ain't enough  
I wanna fuck eat and fuck you up

This life is simple  
It ain't complex  
We masticate then we fight in sex  
It all comes down to just those three  
That's enough for us that's enough for me  
That's enough for me (times 8)  
That's enough

I wanna fuck

I wanna fuck  
I need a line but the needle's stuck  
Ya I got no love for those who suck  
I wanna fuck eat and fuck you up

I wanna fuck  
I wanna fuck
