

Busy Bein' Born

Middle Class Rut

The days keep dragging on
This rafts keep pushing on, woah
It's always race around
We all just race around, woah
And when the hope's gone
The weight falls on me
Yeah, when I'm gone
The weight falls on me
No sense in signing up
You're names already in
Go ahead, you're fucking up
The next guy pays the rent
'Cause what I get
It ain't half of what I give
And that don't suit me anyway
'Cause what I get
It ain't half of what I give
And that don't suit me anyway
Maybe I sacrifice to feel I came alive
Maybe it's all the same
At least I'll die with a name
I ain't dead yet
Give it back or I'll take it
Give it back or I'll take it
Or I'll take it
Maybe I sacrifice to feel I came alive
Maybe it's all the same
At least I'll die with a name
Maybe I sacrifice to feel I came alive
Maybe it's all the same
At least I'll die with a name
I ain't dead yet
Give it back or I'll take it
Give it back or I'll take it
And when the hope's gone
The weight falls on me
Yeah, when I'm gone
The weight falls on me
And when the hope's gone

The weight falls on me
Yeah, when I'm gone
The weight falls on me
