

# Windows

## AWOLNATION

Ah ah!

Ah ah

Man, ah ah! Off in my head, lost off in my head

Off in my head, lost off in my head

Off in my head, lost off in my head

Off in my head, lost off in my head Lost are my arms, lost lost are my legs

Lost is my heart, but my new soul stays We're singing off in my head

Lost off in my head

Off in my head, lost Do we really know the way the wind blows? (Wind blows)

Are we really safe around our shadows? (Shadows)

Do we really know the way the wind blows? (Wind blows)

Are we really safe around our shadows? (Through shadows)

Through our windows Okay

Off in the red, dance, dance with the dead

Off in the red, dance, dance with the dead

Off in the red, dance, dance with the dead

Off in the red, dance, dance with the dead Lost are my arms, lost lost are my legs

Lost is my heart, but my new soul stays We're singing off in my head

Lost off in my head

Off in my head, lost Do we really know the way the wind blows? (Wind blows)

Are we really safe around our shadows? (Shadows)

Do we really know the way the wind blows? (Wind blows)

Are we really safe around our shadows? (Through our shadows)

Through our windows

Yeah Ooh, aw man, I can't believe this is happening (Ah ah!)

Ooh, aw man, I can't believe this is happening (Ah ah!)

Ooh, aw man, I can't believe this is happening (Ah ah!)

Ooh, aw man, I can't believe (Do we really know the way the) Do we really know the way the wind blows?

(Wind blows)

Are we really safe around our shadows? (Shadows)

Do we really know the way the wind blows? (Wind blows)

Are we really safe around our shadows? (Through our shadows)

Through our windows Ooh But I'm aware, and I don't care

And I'm aware, yeah

And I'm aware, and I don't care

And I'm aware, yeah, yeah
