# Dream Again

## D*Minds

Don't be afraid if you hear voices
Or feel the sweet air spoken upon you
Sometimes the sound of a thousand whispering words
Of hope will reassure, show me the future
Will see us joined together
If the oceans fled or the mountains sigh
Then I will keep on dreaming
I live to dream again, I live to dream again
I live to dream again
Don't be afraid if you're descending
The deepest despair without a handrail to guide you
Sometimes the sound
Of a thousand whispering words can confuse
But when you're sleeping
They shift and slide together
Bring meaning to the canyon's cry
Oh, I, I keep on dreaming
I live to dream again, I live to dream again
I live to dream again, I live to dream again
Sometimes the sound of a thousand whispers
Are where you live a little fear but feel the future
Well, I feel us dream together
I feel no fear, I feel no fire
Oh, I, I keep on dreaming
I live to dream again, I live to dream again
I live to dream again, I live to dream again
I live to dream again, I live to dream again
I live to dream
