Rest

Michael Kiwanuka

Close your eyes Let them rest I ain't in no hurry, no hurry at all Rest your head upon my shoulder I swear I will carry, carry you onI won't let you go, go on hungry I won't let you cry, without a hand to dryRest your hands Leave them tender They weren't made for working, working at allI won't let you go, go on hungry I won't let you cry, without a hand to dryRest your soul, live in peace I won't let you worry, worry at allI won't let you worry, worry at all I won't let you worry, worry at all
