

I Know Ur Girlfriend Hates Me

Annie

Girl make a list
Go out and find yourself a new plaything
Oh girl you need a trip
'Cause he's not worth the misery and pain
So just remember how he would tell you lies
And then pretend that everything was so sweet
No need to sacrifice
If you're not satisfied
He's just a canine running round on heat
Girl, you must resist
Don't let him squirm his way into your heart
Oh girl you must insist
You've got to stop the fool before he starts
So just remember how he was so untrue
And all the tacky things he did to you
No need to sympathise
'Cause he's not worth the time
You've got to find someone who's true to you
