In My Sleep

James Cavern

Verse
Its been months since I've seen you smile
Slowly it's making me go wild and loves found another question I can't answer
These days go by without a sound and your face
My heads up in the clouds when I think of being by you any longer, yeah oh yeah

Pre-Chorus
Cause things have always been hazy, hazy with me and you
Is something going wrong
I can feel it in the beat now
Cause things are always changing, well changing with me and you
Is something really wrong

Chorus
Would you tell me in my sleep now, well tell me in my sleep now
Would you tell me in my sleep now, well tell me in my sleep now
Would you tell me in my sleep now, well tell me in my sleep now
Would you tell me in my sleep now, well tell me in my sleep now

Bridge
And I feel so bad do you know what you want, know what you want
And I feel so sad you know what you want, know what you want

Verse
I tried to be good to you woman tried to see it through your eyes
Tried to be the one you be lovin'
I'm tired of this false disguise
One thing I'll say to you before this night goes through and I know you won't be suprised, yeah I know you won't be suprised, yeah

Pre-Chorus
Cause things have always been hazy, hazy with me and you
Is something going wrong
I can feel it in the beat now
Cause things are always changing well changing with me and you
Is something really wrong

Chorus
Would you tell me in my sleep now, well tell me in my sleep now
Would you tell me in my sleep now, well tell me in my sleep now

Would you tell me in my sleep now, well tell me in my sleep now
Would you tell me in my sleep now, tell me in my sleep now
