

Bright Spot

Bombshell Rocks

Sometimes I lose it
I lose every bit of faith
Just for a minute
Till I see the light of a brand new day
Someone tried to tell me
You know, your problems don't exist
Well, I'm sorry to disappoint you
But I know my antagonist
Put some sense in the sentence
'Cause I don't understand a thing
Come down and hear
The reject choir sing
Cold nights, 24 hours alone
Now will you show me the bright spot?
Cold nights, 24 hours alone
Now will you show me the bright spot?
Sometimes I get so tired
And I lose that positive stance
I give it up for a minute
Turn hope for insignificance
Then I drag myself up
And I'm a long, long way from home
But I don't, no, I don't even
No, I don't even wanna go
Put some sense in the sentence
'Cause I don't understand a thing
Come down and hear
The reject choir sing
Cold nights, 24 hours alone
Now will you show me the bright spot?
Cold nights, 24 hours alone
Now will you show me the bright spot?
(Bright spot)
Bright spot, will you show me, show me?
(Bright spot)
Bright spot, will you show me, show me?
(Bright spot)
Bright spot, will you show me?
Will you show, will you show me?
(Bright spot)
Bright spot, will you show me, show me?
(Bright spot)
Bright spot, will you show me, show me?
(Bright spot)
Bright spot, will you show me?
Will you show, will you show me?
Will you show, will you show me?
Cold nights, 24 hours alone
Now will you show me the bright spot?
Cold nights, 24 hours alone
Now will you show me the bright spot?
Cold nights, 24 hours alone

Now will you show me the bright spot?

Cold nights, 24 hours alone

Now will you show me the bright spot?
