Indelible

Brooke Fraser

Walk along here, feel you move somewhere in front of me
I can't place you with these eyes for the doubt I can't seeHow could someone so beautiful
Feel something for me?
Hold me and love me and touch me again
And show me why I believe[Chorus]
That the first time I see your face
Everything else around me will fade to the background
And I'll be struck full by the truth in your gaze
As you work an indelible change in meAll I have and all I am and all I think and do
Can find it's purpose and meaning and life only in youHow could someone so beautiful
Feel anything for me?
Won't you hold me and love me and touch me again
And show me why I believe[Chorus x2]
[added]
An indelible change in me
An indelible change in me
