

# happy feet

Yung Lean

[Intro]

Spiders on my feet but you be caught up in the web

X-Files[Verse 1]

I be draped in Bur-Burberry

Late nights like the cemetery

Walking dead, look like F-Freddy

Cherry color painted Chevy

Draped in blood now, super scary

Got magic like I'm Ha-Harry

Dark magician, you a fairy

I'm a yellow bird like Larry

[Verse 2]

I go too far like Jim-Jim Carrey

Killed them, it was necessary

I don't wanna get too heavy

Have her one night, but you wanna marry

I'm off some shrooms in a place where you cannot be

Three jellyfish in the dungeon where reptiles be

I feel your love and I see it inside of me

Value your friendship, we drink 'til it's over, see

I got that laser, it's shooting right out of me

Red lava, red fish, red tablets, all growing free

You imbeciles try to be, but you cannot be

My money was small, but I made it grow rapidly, rapidly[Bridge]

Spiders on my feet but you be caught up in the web

I hear voices, I see signs, cannot let it go to my head

I don't wanna go on, if you die take me instead (Ahh-ahh)

I just spend a K up on a reptile in a bed

[Verse 3]

I made 600K, bet that's play money, we set

I got scars, no tissue, all my songs they hard like red

Save all your luxuries, bitch, I just need a check

Fuck with me again, I'll make them insects eat your head, ayy[Chorus]

Diamonds dance like Happy Feet, but happy ain't my set

Sadboys steal your shit, then we hop-hop up on a jet

I'm a silver worm, I hop out the earth, eat my meds

I am Lucifer, my universe won't let me rest[Outro]

Diamonds dance like Happy Feet, but happy ain't my set
