

# Poison City

**OFF!**

No pictures  
No flowers  
Crumbling towers  
Glamorize fallen rubble  
Stirring up all this trouble  
Spreading the fear in the poison city  
Toilets clogged with black water  
Are we not being terrorized?  
Two-faced conceit  
Anesthetized  
Buttoned down their dollar signs  
And their collective bully mind  
Spreading the fear in the poison city  
Toilets clogged with black water  
Spreading the fear in the poison city  
Toilets clogged with black water  
No pictures  
No flowers  
Crumbling towers  
Glamorize the fallen rubble  
Stirring up all that trouble
