Where the party is all night,
and everybodys havin a good time
I wanna get nice,

Come on and take me to that place,
where there ain't nuthin but happy

Now if you wanna step
you gotta play it by the rules
you gotta do what i do
when i do, what i do
If you wanna step
you gotta play it by the rules
you gotta do what i do
when i do, what i do
Now
Step to the left, step to the right
spin around and bring it down tonight
bring it on up, move in close
let me see you and your partner stroll
Step to the left, step to the right
spin around and bring it down tonight
bring it on up, move in close
let me see you and your partner stroll
Step to the left, step to the right
spin around and bring it down tonight
bring it on up, move in close

let me see you and your partner stroll
Step to the left, step to the right
spin around and bring it down tonight
bring it on up, move in close
let me see you and your partner stroll
Step to the left, step to the right
spin around and bring it down tonight
bring it on up, move in close
let me see you and your partner stroll
Step to the left, step to the right
spin around and bring it down tonight
bring it on up, move in close
let me see you and your partner stroll
