Bury Us Alive

Polyvinyl Records

I know
Nothing ever keeps you safe for sure
No one ever dug down so far as we go
Heroes drop their bones outside
No one ever knew I made it
No one ever knew
Oh, bury us alive
Oh, bury us alive
Oh, bury us alive
Oh, bury us alive
Heroes
Nothing ever grows up come to see you from
No one ever noticed tela come the sun
A new world clouded out the sun
No one ever (Lifes in touch death to set me free)
Oh, bury us alive
Oh, bury us alive
Oh, bury us alive
Oh, bury us alive
