

Black And White Incident

T. Rex

I don't want a black and white Cadillac car
I don't want a black and white Jaguar
I don't want a black and white blue-jean scene
I just want for you to turn turn me on
To your fine, fine, superfine
Everywhere you're goin' around
My my my my my my my my...
I'm in love with you

I don't want a black and white Chevrolet
I don't want a black and white Lincoln A
I don't want a big fine woman everyday

I just want for you to turn turn me on
To your fine, fine, superfine
Everywhere you're goin' around
My, my, my, my, my, my, my....
I'm in love with you

I don't want a black and white Chevrolet
I don't want a black and white Lincoln A
I don't want a big fine woman everyday

I just want for you to turn turn me on
To your fine, fine, superfine
Everywhere you're goin' around
My, my, my, my, my, my, my....
I'm in love with you
