Never Shout Never

Tell me what you want
Tell me what you need
Tell me all your secretas all your fantasies
Tell me what you like
Tell me what you hate
Tell me all the reasons why you never sleep
I know I missed your call
Meant to hit you back
Shit got out of hand i was feeling kind of whack
Guess I never thought you'd go for a
Loser like me!
She's been dancing in her room!
Waiting for the phone to ring
All I need is to tell her how I really feel
I got the nerve to let her know that I need her love
Gotta find the cure so I
Can make the call
(Okay,Okay, Okay, okay)
I wanna tell you 'bout the good
Tell you 'bout the bad
Tell you 'bout the happy ending
Don't get mad
Tell you 'bout the clouds
Tell you 'bout the rain
Tell you all the reasons why i'm so insane
I really take your voice on the other end
I have no other choice
You're my closest friend
Guess I never thought you'd fall in love
With a joke like me!
She's been dancing in her room!
Waiting for the phone to ring
All I need is to tell her how I really feel
I got the nerve to let her know that I need her love
Gotta find the cure so I
Can make the call !
Now I'm pacing in my room
Made Up my mind
Make the call

All I need is to tell her how I feel
Now I've got the nerve to let her know I need her love
I found the cure so I
Make the call
